1000 Most Common Persian Phrases: Flashcards

971 everyday phrases in 61 topics, from our book 1000 Most Common Farsi Phrases. Persian on the front, English and pronunciation on the back.

Study these cards online with audio, quizzes and a spaced-repetition scheduler that remembers what you know:

Scan the code with your phone camera.

How to print and use the cards

1. Print pages 2–163 **double-sided, flipping on the long edge**. Each English page then lands behind its Persian page.
2. Cut along the dashed lines. Thicker paper (card stock) lasts longer.
3. Look at the Persian side, say the meaning out loud, then turn the card over to check.
4. Make three piles: *know it*, *almost*, *not yet*. Review *not yet* every day, *almost* every few days and *know it* once a week.
