Introduction

Designed as a quick reference and study guide, this comprehensive phrasebook offers guidance for situations including traveling, accommodations, healthcare, emergencies and other common circumstances. A phonetic pronunciation accompanies each phrase and word.

Easy Persian Phrasebook is designed to teach the essentials of Persian quickly and effectively. The common words and phrases are organized to enable the reader to handle day to day situations. The book should suit anyone who needs to get to grips quickly with Persian, such as tourists and business travelers.

Pronunciation Guide

The regular letters used for written Persian stand for some different sounds. It is usually difficult to tell how a word is pronounced just by looking at how it is spelled. Therefore, it is useful to show the pronunciation of each word separately, using a system of symbols in which each symbol stands for one sound only. After each verb in this book, the word is given again within two slashes to show its pronunciation.

This book uses a simple spelling system to show how verbs are pronounced, using the symbols listed below.
