Description

This book helps you learn how to write and read in Persian Language in a fast and fun way. You can quickly begin to read, pronounce and write in Persian. The book proceeds step-by-step through all the letters of the Persian alphabet, displaying the sounds they stand for and how they are written in words. In addition to the alphabet, you'll learn basic grammar, sentence structures, and pronunciation. Beyond grammar and alphabet lessons, you will also find comprehensive listings of most common Persian words as well as useful tables that you can use as quick references to speed up your mastery of the language.

This book aims to provide a solid foundation on learning the Persian language by providing simple grammar rules while enriching vocabulary and comprehension with useful and practical phrases. It is designed to address the needs of Persian students, travelers, and self-learners who need to have a working knowledge of Persian in a few days' time.

The book "*Read and Write Persian Language in 7 Days*" is incredibly useful for those who want to learn Persian language quickly and efficiently.

You'll be surprised how fast you master the first steps in learning this beautiful language!

Jobs 24

Pronunciation

The regular letters used for written Persian stand for some different sounds. It is usually difficult to tell how a word is pronounced just by looking at how it is spelled. Therefore, it is useful to show the pronunciation of each word separately, using a system of symbols in which each symbol stands for one sound only. The pronunciations of letters and words are given within two slashes.

This book uses a simple spelling system to show how letters and words are pronounced, using the symbols listed below.

Symbol	Example	Symbol	Example
a	hat /hat	m	move /muv
â	cut / cât	n	need /nid
ay	time /tâym	o	gorgeous /gorjes
ch	church	ô	coat/ côt
d	dog /dâg	u	mood /mud
e	men /men	p	park /park
ey	name /neym	r	rise /rais
f	free /fri	s	seven /seven
g	get /get	n	nation /neishen
h	his /hiz	t	train /treyn
i	feet /fit	v	vary /vari
iyu	cute /kiyut	y	yet /yet
j	jeans /jinz	z	zipper /zipper
k	key /ki	zh	measure /mezher/
kh	loch /lakh	‘	تعظیم/ ta’zim
l	loss /lâs	gh	sound “r” in French word “Paris”

Persian Alphabet

The Persian alphabet (Persian: الفبای فارسی) consists 32 letters, most of which have two forms, short and full. In Persian, words are written from right to left while numbers are written from left to right. Persian is a writing style based on the Arabic script. It is entirely written cursively. That is, the majority of letters in a word connect to each other. Therefore, the appearance of a letter changes depending on its position: beginning (joined on the left), middle (joined on both sides), end (joined on the right) of a word and some letters are written isolated.

This writing style is also implemented on computers. Whenever the Persian script is typed, the computer connects the letters to each other.

Following is a table showing the Persian alphabet and how it is pronounced in English. There are also some examples of how those letters would sound if you place them in a word.
